NOTE TO THE MINISTRY OF
FOREIGN AFFAIRS OF HUNGARY

In relation to the news disseminated about interventionist statements by the Minister of Foreign Affairs of Hungary, injuring the Sovereignty of Nicaragua and meddling in the affairs of the Nicaraguan State, with this Note we are strongly protesting against the violation of the Vienna Convention by the Government of Hungary.

Nicaragua, with a very high cost in Lives, with so much blood shed in defense of the Right to National Sovereignty, and with

centuries of courage and bravery in Anti-imperialist and Anti-interventionist Struggles, strongly demands the Head of Government of Hungary and the Head of Relations with other States, for meddling in matters that neither concern them nor are of their competence. From that other Continent, Hungary seems to be following the warmongering and slave-owning footsteps of the European Empires.

Statements by the Minister of Foreign Affairs Péter Szijjártó reflect ignorance about the accurate relationships between Sovereign States and an excessive protagonist desire that neither looks good on them nor can they have, according to the Charters of International Organizations that provide guidelines on respect, harmonious coexistence, and above all, decency and sanity so as not to seek

prominence with immature and inappropriate behavior, at the expense of National Sovereignities.

Nicaragua has never intervened in the affairs of another Country, nor will we, because we have Consciousness and Duty to safeguard our own and others' Rights. We demand reciprocity.

Managua, 1st September, 2023

Denis Moncada Colindres
Minister of Foreign Affairs
Government of Reconciliation
and National Unity
Republic of Nicaragua
