

THE 2018 JAPAN EXCHANGE AND TEACHING (JET) PROGRAMME
APPLICATION GUIDELINES

The Japan Exchange and Teaching Programme (hereinafter, Programme) seeks to enhance internationalisation in Japan by promoting mutual understanding between the people of Japan and those of other nations. The Programme aims to enhance foreign language education and promote international exchange at the local level through the fostering of ties between Japanese youth and foreign youth alike.

The objectives of the Programme are being achieved by offering JET Programme participants (hereinafter, Participant(s)) the opportunity to serve in local authorities as well as public and private elementary, junior high, and senior high schools in Japan.

The Programme is implemented by local authorities and other organisations (hereinafter, Contracting Organisation(s)) who appoint Participants in cooperation with the Ministry of Internal Affairs and Communications (MIC), the Ministry of Foreign Affairs (MOFA), the Ministry of Education, Culture, Sports, Science and Technology (MEXT), and the Council of Local Authorities for International Relations (hereinafter, CLAIR).

The Programme started in 1987 with cooperation from governments of participating countries. In 2017, there were 5,163 participants on the Programme from 44 countries.

As the Programme has achieved an excellent reputation over the last 31 years, it is of great importance that this reputation be maintained. Participants are invited to Japan as honoured representatives of their countries. As such, they are expected to be responsible in all their activities, especially those concerning the promotion of mutual understanding between nations. It is therefore desirable that Participants be adaptable, mentally and physically capable of performing the job duties and have a deep interest in Japan.

Generally, Participants are appointed by prefectures, municipalities, and private schools, etc. as a member of staff for a one-year period. The cost of transportation from the Participant's origin to Japan, as well as remuneration, will be funded by the tax payers of Japan via the Contracting Organisation where the Participant is appointed. Because Participants serve as civil servants and private school staff members of their Contracting Organisations, they are required to observe rules and behave responsibly.

Withdrawal from the Programme after receipt of placement or early termination of appointment should be avoided as it causes numerous problems for Contracting Organisations, in addition to severely impacting the administration of the Programme itself.

1. TYPES OF POSITIONS AND DUTIES

1) Types of Positions

Assistant Language Teachers (ALT):

Participants engaged in language instruction. ALTs are placed mainly in local boards of education, elementary, junior high, and senior high schools.

2) Duties

ALT:

Participants who are mainly assigned to boards of education, elementary, junior high, or senior high schools are to carry out their duties as ALTs under the guidance of language teachers' consultants or Japanese teachers of the foreign language as specified by the supervisor and/or principal of the board of education and/or school. The following is a general outline of duties, though they may vary from one Contracting Organisation to another.

- (1) Assistance in foreign language classes, etc. taught in elementary, junior high and senior high schools.
- (2) Assistance in foreign language activities, etc. in elementary schools.
- (3) Assistance in preparation of materials for teaching a foreign language.
- (4) Assistance in language training for teachers of a foreign language, etc.
- (5) Assistance in extracurricular activities and club activities (see Note 1).
- (6) Provision of information on language and other related subjects for people such as teachers' consultants and foreign language teachers (e.g. word usage, pronunciation, etc.).
- (7) Assistance in foreign language speech contests.
- (8) Engagement in local international exchange activities.
- (9) Other duties as deemed necessary by the supervisor or the school principal.

2. TERMS AND CONDITIONS

The terms and conditions of service will be determined by the Contracting Organisation which appoints the Participant. The following is a general outline of the terms and conditions, though they may vary from one Contracting Organisation to another.

(1) Length of Appointment — Working Hours

In principle, appointments are for one year and commence on the day after the designated arrival date. The duration of the appointment will be shorter in cases where Participants are unable to arrive in Japan on the designated arrival date and arrive at a later date.

If a Participant violates the rules determined by his/her Contracting Organisation, the appointment may be terminated prior to the end of the one-year period.

If the Contracting Organisation deems that the Participant's work performance reaches the required standard, the Contracting Organisation may reappoint the Participant for an additional year, with two reappointments permissible in principle (allowing for a total of three years on the Programme). Also, if after careful consideration the Contracting Organisation deems the Participant's work performance, level of experience and ability to be of an exceptionally high

standard, it may choose to reappoint the Participant an additional two times (altogether, five years).

Early termination of the appointment on the part of the Participant adversely affects school and local government administration in addition to the overall implementation of the Programme itself. All Participants are therefore required to complete their term of appointment.

Participants are expected to be at work approximately thirty-five hours a week, excluding lunch breaks. It is likely that Participants will be required to work during normal Japanese office and/or general school hours, which are from 8:30a.m. to 5:15p.m., Monday through Friday. Generally, Saturdays, Sundays, and Japanese national holidays are days off. However, there are cases in which extra hours are required before/after usual office and/or school hours, or where Participants are required to work on Saturdays, Sundays, and Japanese national holidays. The number of paid holidays per year differs among Contracting Organisations, but all Participants are allowed at least ten days.

(2) Remuneration

Remuneration per annum is approximately ¥3,360,000 in the first year of appointment, ¥3,600,000 in the second year, ¥3,900,000 in the third year, and, in case the Contracting Organisation reappoints a Participant whose work ability is deemed excellent more than two times, ¥3,960,000 in both the fourth year and the fifth year. This remuneration is a sufficient amount to cover average living expenses in Japan. This remuneration amount is for Participants who complete a one-year appointment in full. If the first year appointment is less than one year the remuneration will be less than the above-stated amounts.

In cases in which income and resident taxes are imposed (see Note 3), first year Participants whose appointment is less than one year will be deemed as “non-residents” and will be subject to approximately 20% income tax under Japan’s Income Tax Act.

Remuneration will be made in monthly payments. Participants paying taxes in Japan must pay the remaining portions of resident taxes, etc. for the full year in one lump sum before leaving Japan upon completion of the Programme.

In Japan, joining the national social (health) insurance, contributing to the pension fund programme, and paying employment insurance are mandatory. A part of these costs are borne by the Participant and deducted from the monthly post-tax remuneration each month on payday.

(3) Side-Job Prohibition

As a general rule, Participants are prohibited from taking on any work other than that of this Programme for the duration of their appointment.

(4) Driving

Participants with a driving licence may be required to operate a motor vehicle as part of work duties for their Contracting Organisations. Costs associated with a motor vehicle may be required to

be borne by the Participant.

5. SELECTION AND NOTIFICATION OF RESULTS

(1) To determine recommended candidates, the Embassy of Japan, under whose jurisdiction Participants' home countries fall, will conduct the first screening and selection of applicants based on written applications. The second stage of screening (interviews) will be conducted at the Embassy or the Consulate of the same jurisdiction mentioned above.

(2) The Joint Conference for International Relations, consisting of the Ministry of Internal Affairs and Communications (MIC), the Ministry of Foreign Affairs (MOFA), the Ministry of Education, Culture, Sports, Science and Technology (MEXT), and CLAIR, will decide successful candidates out of the recommended candidates selected by the Embassy or Consulate of Japan where interviews were held (hereinafter, Interview Office). Other candidates will be determined to be either alternates or unsuccessful candidates.

(3) Notification of results will be made to applicants via the Interview Office from May, 2018. At this time successful candidates will also be notified of the name of their Contracting Organisation.

(4) The Contracting Organisation will then initiate direct contact with the successful candidate, sending him or her documents including a notice of appointment, a letter detailing the workplace and working conditions, and/or other materials introducing the Contracting Organisation.

(5) Alternates will be upgraded to successful candidate status accordingly as openings for alternates become available until the second week of December, 2018.

6. SUBMISSION OF CRIMINAL RECORD AND CERTIFICATE OF HEALTH

(1) In principle, Participants and alternates must obtain and submit their criminal record and Certificate of Health to the Interview Office by **March 30**, 2018. However, those who stated they have a criminal history at the time of application must submit their criminal record by **March 30**, 2018 at the latest (if possible at the time of application). Alternates upgraded to successful candidates may be required to submit a Certificate of Health again.

- (i) A criminal record covering a period of at least five years must be submitted. If, due to institutional restrictions, a five-year criminal record is not obtainable, a criminal record covering as many years as possible must be submitted.
- (ii) In principle, a criminal record issued by the state/provincial government of the applicant's/Participant's current state/province of residence must be submitted. However, in the case it is easier to obtain a criminal record issued by the federal government, a criminal record issued by the federal government will be accepted. For Participants from the US, a criminal record issued by the Federal Bureau of Investigations (FBI) must be submitted.
- (iii) If an applicant/Participant submits a criminal record issued by the state/provincial government of the state/province in which he/she lives that only contains criminal history information of that particular state/province, and the applicant/Participant has lived in another state/province of the same country for more than twelve consecutive months during the preceding five years, the applicant/Participant must additionally submit a criminal record from the other state/province as well. If a criminal record issued by the state/provincial government where the applicant/Participant lives contains criminal history information of the country as a whole, including other states/provinces, submission of additional criminal records issued by other state/provincial governments is not necessary.
- (iv) Applicants/Participants who have lived in another country for at least twelve consecutive months during the preceding five years must submit a criminal record from that country as well.
- (v) Applicants/Participants who have lived in Japan in the preceding five years are not required to obtain a criminal record issued by the Japanese government.

Additionally, any changes to an applicant's/Participant's physical or mental health or to his/her criminal history after application that may affect his/her suitability for the Programme must be promptly notified to the Interview Office.

7. DISQUALIFICATION

Participants and alternates may be disqualified without warning for any of the following reasons:

- 1) When they have committed an inappropriate act or there is substantial reason to believe that they are likely to commit an inappropriate act.
- 2) When their application documents contain false statements.
- 3) When they do not inform the Embassy or Consulate of Japan of any changes in the application documents immediately.
- 4) When it is determined that their criminal history renders them unsuitable for participation on the Programme (e.g. DUI (driving under the influence of alcohol and/or drugs), drug or sex crimes, crimes against children, etc.) (inclusive of crimes committed after submission of the application form).
- 5) When the Reply Form, Certificate of Health, or other required forms are not submitted by the

designated deadlines.

6) When those who possess multiple nationalities with Japan do not submit their applications to renounce their Japanese nationality before the Reply Form submission deadline (excludes alternates. However, when alternates become successful candidates, they will be required to submit their applications to renounce their Japanese nationality as soon as possible).

7) If it becomes clear at a later date that they do not meet the eligibility criteria due to some reason attributable to themselves.

8. ASSIGNMENT OF CONTRACTING ORGANISATION

Participants must sign terms and conditions with the Contracting Organisation assigned by CLAIR. Contracting Organisations are located all throughout Japan, and amongst them are regions that are not sufficiently equipped with health care facilities and/or public transportation, etc. Participants with special circumstances such as those listed below will be given special consideration. However, the assigned Contracting Organisation may differ from that requested. Only requests for special consideration indicated on the application form will be taken into consideration. Changes to requests after application, even in special circumstances, are not possible.

Special requests may be considered for instances in which:

- 1) A spouse applies to the Programme at the same time.
- 2) A spouse or other immediate family member(s) already reside in Japan, and a move would be impossible or cause great hardship.

9. ORIENTATION AND TRAINING

(1) Pre-Departure Orientation

Prior to departure for Japan, Participants will be provided with written materials about the Programme along with Japanese language textbooks. A Pre-Departure Orientation will take place prior to departure for Japan at the Interview Office, under whose jurisdiction candidates' home countries fall. All Participants must participate in the Pre-Departure Orientation.

Please note that there will be no Pre-Departure Orientation for those participating from within Japan.

(2) Post-Arrival Orientation

Participation in the Post-Arrival Orientation is mandatory for all Participants. Post-Arrival Orientation will provide training necessary for Participants to carry out their work duties in Japan.

(3) Training

After arriving in Japan, Participants can enroll in the Japanese language courses offered by CLAIR to improve their Japanese abilities as well as promote understanding of Japan through Japanese after returning home.

Participants are also required to participate in any training during their term of appointment

designated as mandatory by the Contracting Organisation and CLAIR.

10. ACCOMMODATION

In principle, the Participant will be responsible for any or all accommodation arrangements and, as such, will subsequently be responsible for all associated costs incurred. The Participant may be required to pay the equivalent of two to six month's rent immediately after arriving in Japan in order to move into housing. Also, the Contracting Organisation may designate the Participant's housing arrangements and therefore, Participants should consult with their Contracting Organisation in advance.

11. TRANSPORTATION TO AND FROM JAPAN

(1) Travel and Other Expenses Related to Coming to Japan

Participants must arrive in Japan on the designated date (Note 5) and flight except for candidates who already reside in Japan defined in Paragraph (2). Participants who do not board the designated flight without a justifiable reason will be disqualified from the Programme.

The cost of domestic transportation to the designated airport(s) in the Participants' home countries will be the responsibility of the Participants.

Participants' Contracting Organisations will provide airline tickets from the airport designated in their home countries to Narita International Airport or Tokyo International Airport (Haneda Airport). Transportation costs from these international airports to the Post-Arrival Orientation venue, accommodation costs during the Post-Arrival Orientation, and transportation costs from the Post-Arrival Orientation venue to the Contracting Organisation, will be borne by the Contracting Organisation according to their travel expense regulations. Furthermore, travel expense regulations are based on the most logical route and means of travel.

It is for these reasons that in the case a Participant withdraws his/her intent to participate on the Programme, or is disqualified after receipt of placement, except in exceptional cases, such as on humanitarian grounds, he/she must pay any related cancellation fees accrued (including fees for travel within Japan and for housing in cases in which the Contracting Organisation has already made arrangements).

Cancellation fees for airline tickets will differ depending on the date that the cancellation of the ticket has been confirmed; the cancellation fee will be half the price of the airline ticket for a cancellation confirmed 15 to 30 days or more prior to the designated departure date and will be the full price of the airline ticket for a cancellation confirmed 14 days or less prior to the designated departure date. Participants may be required to submit documents accordingly to prove "exceptional cases, such as on humanitarian grounds".

(2) Candidates Who Already Reside in Japan

Only Participants residing in Japan prior to participation on the Programme, who already hold a status of residence other than "Temporary Visitor" and are able to change their status prior to the

designated arrival date, are permitted to participate from within Japan. It is the responsibility of the Participants to change their status of residence by confirming with the relevant Immigration Bureau of Japan office whether a change will be permitted. If permitted, Participants must complete their Reply Form and send it back to the Interview Office.

Furthermore, those residing in Japan with a “Temporary Visitor” status are not permitted to change their status of residence within Japan, and therefore must return to their home country, carry out procedures to obtain a proper visa from the Embassy or Consulate of Japan, under whose jurisdiction Participants’ home country falls, and enter Japan on the designated flight in order to participate on the Programme.

For Participants who already reside in Japan, transportation costs from the designated airport or railway station to the Post-Arrival Orientation venue will be borne by their Contracting Organisations only in cases where costs are for transportation, etc. on the designated arrival date. However, expenses incurred from the Participant’s home to the designated airport or train station will be borne by the Participant. Participants who live within 100 kilometres of the Post-Arrival Orientation venue will be responsible for all transportation costs, etc. to the Post-Arrival Orientation venue.

With regard to transportation from the Post-Arrival Orientation venue to the Contracting Organisation, Participants must travel in a group with other Participants who will be working in the same host prefecture or designated city. Travelling separately is not allowed. These costs will be borne by the Contracting Organisation according to their travel expense regulations.

(3) Return Travel Expenses

All Participants not seeking further appointment with their Contracting Organisations or employment with a third party in Japan after the conclusion of their appointment will have their return travel expenses from their Contracting Organisation to an international airport in Japan to the airport designated in their home country from which they originally departed, and the associated costs for necessary travel within Japan, paid for by their Contracting Organisation according to their travel expense regulations if they depart within one month from the day after completing their term of appointment.

Participants residing in Japan prior to participation on the Programme will also be eligible for their return travel expenses from their Contracting Organisation to the airport designated in their home country paid for by their Contracting Organisation if they meet the conditions above.

(4) Repayment of Travel Expenses

Participants who violate terms and conditions, such as returning to their home country without due reason, or being disqualified through committing inappropriate acts, etc. after arriving in Japan, will bear the full cost of return travel to their home country and must reimburse any travel costs that the Contracting Organization or CLAIR have already borne. In addition, there may be cases where other expenses will have to be repaid.

(5) Obtaining a Visa

Participants must obtain a working visa from the Embassy or Consulate of Japan, under whose jurisdiction Participants' home country falls, before the date of travel to Japan, and must enter Japan under the said status of residence that permits work. Family members accompanying Participants (spouse or children) must submit official documents which prove legal marriage or parent-child relationship, and apply for and obtain a Dependent's Visa from the Embassy or Consulate of Japan. Please note that only legal spouses and children are eligible for Dependent's Visas. A fiancé(e) or common-law spouse, etc. are not eligible.

12. AFTER COMPLETION OF THE PROGRAMME

Participants are strongly expected to play a role as a bridge between Japan, their place of appointment, and their home countries after their participation on the Programme. Former Participants have founded alumni associations in their home countries/areas and in Japan, named JET Alumni Associations (JETAA). JETAA carries out various activities at grass-root levels to promote friendships between Japan and the home countries of Participants. JETAA members are involved in activities such as exchanging information about Japan, welcoming Participants back to their home countries after completion of their term of appointment on the Programme, introducing Japanese culture, and providing educational information about Japan. Before completion of their term of appointment on the Programme, Participants are expected to refer to the Terms of Consent Related to Personal Information requested by CLAIR. After completion of their term of appointment on the Programme, Participants are expected to share their post-Programme contact information with their nearest Embassy or Consulate of Japan to where they are living (CLAIR for those in Japan), join a JETAA chapter, and be actively involved in introducing Japan and promoting education.

13. USE OF PERSONAL INFORMATION

The use of personal information submitted by applicants during the application period is limited to necessary use by the Embassy or Consulate of Japan, Ministry of Internal Affairs and Communications (MIC), Ministry of Foreign Affairs (MOFA), Ministry of Education, Culture, Sports, Science and Technology (MEXT), CLAIR, Contracting Organisations including host prefectures/designated cities (see Note 6) and private contracting companies in charge of services related to the management of the Programme. Personal information will be used for such matters as assignments, orientations, etc. It will also be used after the arrival of Participants in Japan for any of the administrative matters (*) in cases of emergency or early termination of appointment.
