International Girls In ICT Day is celebrated on the 4th Thursday of April each year. This event seeks to give girls and young women an opportunity to see and experience ICTs in a new light, while encouraging them to consider a future in the Information Communication Technology sector.

This year, the Information Technology Services Division will conduct a two-day Web Development & Mobile Application Development Sensitization & Training Workshop on Wednesday 22nd & Thursday 23rd April. The workshop takes place on Wednesday 22nd & Thursday 23rd April on the 2nd Floor of the CLICO Building, from 9:00 a.m. - 3:00 p.m., and will be facilitated by Ms. Phillia Alexander of ITSD and Ms. Janique-ka John of Computec and "ThaDailyGeek".
